

## **40203 Certificates**

A Certificate of Achievement will be awarded to students completing one of the College's approved Certificate of Achievement programs. A Certificate of Achievement includes general education course requirements.

A Career Certificate is a shorter term award with no general education requirements.

To be eligible for graduation with a certificate students must fulfill all-requirements of the certificate curriculum specified by the College, and must complete a minimum of 25% of credits in residence at the College. Prior learning credits do not apply towards the residency requirement.
