

40201 Associate Degree

The Associate of Applied Science Degree (AAS) will be awarded to students completing one of the College's career programs.

The Associate of Arts Degree (AA) or the Associate of Science Degree (AS) will be awarded to students completing one of the College's academic transfer programs.

The Associate of Science in Nursing Degree (ASN) will be awarded to students completing the Associate Degree Nursing program.

To be eligible for graduation with an associate degree a student must fulfill all requirements of the degree curriculum and must have a minimum of 25% of credits in residence at the College or enrollment in an approved statewide initiative program with the College designated as the home institution. Prior learning credits do not apply to the residency requirement.

(Amended 11/20/84; 7/26/95; 1/28/14; 03/22/22)
